About London

JULY 29-30
2024
LONDON, UK

London is the capital city of England and the United Kingdom. It is the most populous region, urban zone and metropolitan area in the United Kingdom. Standing on the River Thames, London has been a major settlement for two millennia, its history going back to its founding by the Romans, who named it Londinium. London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport all contributing to its prominence. It is one of the world's leading financial centres and has the fifth-or sixth-largest metropolitan area GDP in the world depending on measurement. London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London's 43 universities form the largest concentration of higher education in Europe. In 2012, London became the first city to host the modern Summer Olympic Games three times. London has a diverse range of peoples and cultures, and more than 300 languages are spoken within its boundaries. It is a major centre of higher education teaching and research and its 43 universities form the largest concentration of higher education in Europe. London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Tate Modern, British Library and 40 West End theatres

Testimonials from Past Speakers

**JULY 29-30
2024
LONDON, UK**

Dear Organizers,

This conference brought together important researchers with topical and very interesting presentations.

Firstly, presentations addressed a series of topics of global interest regarding studies about different food products (e.g. cow's milk, wheat bread, etc.), enzymes, fertilizers and current global issues (e.g. food alternatives, food security, etc.). Secondly, the conference organization was at a high level. The support from conference organizers was permanently available and all the requests were resolved in the shortest possible time.

Congratulations for all! I want to thank you for all of your efforts and for giving us - the participants - a very good opportunity to share our research and to interact with each other. I hope that I will be available to be able to physically participate in the next conference!

Dimitrie Stoica
Dunarea De Jos University of Galati, Romania

It is my pleasure to write testimonial for the event organised by inovine conferences, the event was well planned and executed. The selection of speakers was meticulously planned and executed. All most all the speakers were delivered wonderful briefings about their area of expertise. I have enjoyed the event. Thank you for opportunity and support. Thanking you inovine once again.
