Program at Glance

Welcome Address

We would like to invite you to join us for the second course in endoscopic surgery of the paranasal sinuses in Maribor. Four though years have passed since the last course in 2019. Corona virus pandemic marled us all.

Nevertheless we once again embarked into the venture to organize cadaver course in basic and advanced endoscopic sinus surgery, together with our partners from University Department of Otolaryngology and Cervicofacial Surgery in Ljubljana.

We prepared a comprehensive program of lectures that are problem oriented and a full day of dissection with contemporary surgical instruments and equipment.

We'd like to invite you once again to join us at this event and hopefully we see you in Maribor, Slovenia
